Manufacturing company specialized in design, production and marketing of premium aluminum siding. Our technology prints authentic scanned textures of various materials from a high definition digital inkjet printing process.
STATE OF THE ART EQUIPMENT, PROCESSES AND TECHNOLOGIES

High-definition inkjet printing reproducing digital photographs of original materials.

NATURE BECOMES DIGITAL
World class processes: from design to manufacturing.

1. **ALUMINUM**
   Recognized as the industry’s first choice for its exceptional durability.
   (Non-combustible, non-corrosive)

2. **PRIMER COAT**
   A primer coat is applied to ensure perfect adhesion between aluminum and ink.

3. **HD PRINTING**
   High-definition digital inkjet printing is used to create photographic reproductions of a wide range of textures and outstanding color variations.

4. **UV BARRIER**
   A protective clear coat is applied to provide long-term protection against UV rays and fading.

DIZAL PRODUCT ADVANTAGES

- Fast and easy installation
- All sizes of profiles interlock with each other
- Oblong holes for easy screw insertion
- Easy to handle and simple to cut
- Plank profiles: 3, 4, 6, 8 inches
- Standard lengths: 16 feet for all profiles
- Vertical and horizontal plank installation
- Maintenance free
- Finishing accessories with matching colors (starter strip, outside corner, soffit and trims)

Warranty

DIZAL manufactures siding products and accessories designed with high quality materials and certifies efficiency and exceptional durability of its products. Our Limited Lifetime Warranty covers defects in materials or manufacturing that may cause warping, rust and corrosion, checking, cracking and excessive discoloration if and only if our products are installed according to the instructions and recommendations of the company.

* Please refer to our detailed warranty.

Tests and Certifications

- CAN/ULC-S102 – Fire Resistance
- CAN/ULC-S114 - Fire Resistance
- ASTM E84 – Fire Resistance
- NFPA 285 - Fire Resistance
- ASTM D3359 - Adhesion Testing
- ASTM D4060 (CS-17) - Abrasion Resistance
- ISO 7895 / ASTM E330 - Wind Load
- ISO 7895 - Impact Resistance
- ASTM D6578 - Graffiti Resistance
- ASTM G155 – UV Resistance
- Florida Building Code (FBC) compliance
- LEED V.4

* See website for full details.
DIZAL is a new company set up by a family of entrepreneurs with more than 40 years of experience successfully developing various manufacturing companies in the building industry.

**MISSION**
To offer our customers high-quality products with exclusive and innovative finishes using cutting-edge technological processes. To provide high value-added solutions so our products are the number-one choice in our market.

**VISION**
To be recognized by customers as the leading innovative company offering the greatest choice of premium-quality products in our industry.

**EXPERTISE**
- Shareholders’ experience in manufacturing industries
- Shareholders’ knowledge of the market and the industry
- Creation of exclusive and innovative products using the latest technologies
- Manufacturing processes
- Manufacture of quality products
